

```
$mc = $('#menucomment');
$('.t-content').hover(function() {
    $mc.addClass('menucomment');
    var t = $(this).text();
    $mc.text(t + '---- data could be retrieved by JSON and used to populate a message here');
}, function() {
    $mc.text('');
    $mc.removeClass('menucomment');
});
```
